

EL AYUDANTE  
**SPONSOR** CONNECTION

AUGUST 2020

A WORD FROM ONE OF OUR KIDS:

"I want to thank my sponsors for supporting me with my studies, for choosing me, and for loving and caring for me."

-NAHOMI

# HERE'S WHAT'S HAPPENING

During this time of pandemic, the children have continued to come to the HCN to learn and grow together while taking necessary safety precautions.

While schools are currently closed, the children have been assigned studies that they are able to fulfill with the help of their teachers at the HCN. The children have also been able to collaborate and learn together each day.

In addition to completing their studies, the girls have a growing interest in knitting. Through hard work, skill, and perseverance the girls have made many beautiful creations.

During this time, I want to thank the sponsors of each child that we serve at HCN El Ayudante. You are our best allies to make it possible to provide care to each of the families, integrating each of the areas of their lives. Thank you for your contribution and for the time you dedicate to talk by video call with our children.

May God bless and protect you and your families and prosper you greatly.

## **HEINI URBINA**

Heini was born November 5, 2009. She lives with her grandmother and brother. Heini is a very intelligent young girl, and is now in the 5th grade. Heini's favorite food is gallo pinto, and she loves bunnies. She loves the color red, and likes to paint in art class. When she grows up, Heini wants to study Art and English, and become a teacher.

## **WHAT IS HEINI UP TO?**

Heini has recently learned to knit with great skill. Because Heini has done such a great job with knitting, she monitors her friends as they are learning and helps to guide and teach them. Heini is very proud of the work she does and the skills that she has learned.

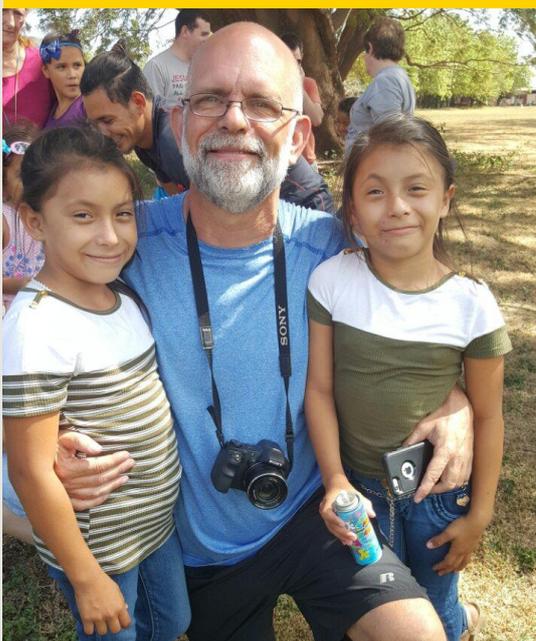

# MEET OUR STAFF

## GLORÍA JUSTINA ESPINOZA NIÑO

Gloria, better known as Profe Gloria to the children, has worked as an HCN teacher since 2010. She specifically works with the children in math. Her favorite part about being a math teacher is when the students understand what she is teaching! She loves working with the kids but also the relationships she has with the children, whether it be teaching them or walking around campus with them. She comes from a big family, she is number 7 of 13 children from the same parents. The majority are women with professional jobs, and most of the men are married with kids. She lives with her Dad, a sister, brother-in-law, and a niece about thirty minutes away from Leon.

# GET INVOLVED AT EA!

**DURING THIS DIFFICULT SEASON AROUND THE WORLD, WE NEED YOUR SUPPORT IN NICARAGUA NOW MORE THAN EVER!**

As a sponsor, the relationship between you and your sponsored child has a great impact on their future. During this time of pandemic, we ask that you consider upgrading your sponsorship level, sponsoring another child, or referring a friend to sponsor a child in our program.

You can do this by visiting our website at [eanicaragua.com](http://eanicaragua.com) to learn more!

Visit our website [HERE](#) for more information or to receive updates on everything happening at EA!
